CAREER OBJECTIVE

To turn my enthusiasm for software engineering into impactful solutions, actively contributing to a team while expanding my knowledge and embracing new challenges.

Education

Bachelor of Engineering in Computer Science and Design,
Kongu Engineering College CGPA - 8.16

2022 – 2026 | Erode

Higher Secondary Certificate,
Kongu Vellalar Matric Hr Sec School
Score : 93.2%

2022 | Erode

Secondary School Leaving Certificate,
Roots Matric Hr Sec School
Score : 92.1%

2020 | Erode

Technical Skills

Programming Languages: C , C# , Java,
Python Web Development: HTML, CSS,
JavaScript Libraries : React.js
Game Engine : Unity
3D tool : Blender

Graphic design : Adobe illustrator , Framer , Canva
Databases: MYSQL
Wireframing and Prototyping : Figma
UX/UI Design

Projects

News Aggregator(Full Stack)

- Built a full-stack News Aggregator platform integrating HTML, CSS, JS, React and Firebase for real-time news updates and personalized user experiences.

e-Resale APP

- Designed and developed a E-Resale app using UI/UX principles to provide a seamless platform for buying and selling pre-owned items.

Earth AR

- Developed an AR-based educational tool enabling school students to explore real-time visuals of the solar system and Earth by scanning images.

Vegetable Checker in weight scale (design thinking course)

- Sensor based system integrated with a weight scale to detect and alert users about damaged vegetables during purchase.

Organizations

Computer Society of India, Member

2024 – present

Achievements

Achieved 3rd place in the Digital Delight competition held at our college, and Presented a paper on the topic Virtual Zoo at Coimbatore Institute of Technology and Sri Krishna College of Engineering and Technology, Coimbatore

Area of interest

- Data Structures
- OOPs
- UX/UI
